CLERK: Mr. President, that 545 you inquired about was a bill that Senator Kennedy asked to have unbracketed. When we unbracket it we throw it at the bottom. That's why it's there.

SENATOR BURBACH: It would be subject then to Senator Kennedy's approval for discussion at this time. I would so move.

PRESIDENT: LB 545.

CLERK: Mr. President, while we're digging out the bill we have one new bill, LB 736. Read title to LB 736.

PRESIDENT: Are you ready, Senator Kennedy?

SENATOR KENNEDY: Is it possible that we can pass over this? I apologize for the reason that I have two of my people absent that I wanted to speak on this bill. Can we pass over it till tomorrow?

PRESIDENT: You can make that request.

SENATOR KENNEDY: We have some people absent. I would like to ask to have it passed over at this time, if we can.

PRESIDENT: Any objection? So ordered.

CLERK: LR 105. LR 105 is found on page 116 of the Legislative Journal, Mr. President, in honor of the late Hugo Srb. The resolution has been read and it's set out in full in the Legislative Journal. It's introduced by Senators Marsh, Simpson, Barnett, Luedtke and Fowler.

PRESIDENT: Senator Marsh.

SENATOR MARSH: Mr. President, LR 105 has been introduced by the Lincoln Senators, including myself. This is to commemorate the memory of a former member of this body and to extend sympathy from the Legislature to the family of Hugo F. Srb, former member of the Legislative body and former Clerk. I ask that the members of this body support this resolution so that we may honor this former member.

PRESIDENT: You've heard the motion. Please record your vote. Senator Duis, for what purpose do you arise?

SENATOR DUIS: I have a question of the Chair if I might.

PRESIDENT: Yes.

SENATOR DUIS: Before you announce the vote would it be proper for me to make a motion that all members names be added to the introduction of the resolution?

PRESIDENT: Is there an objection to that? Seeing no objection, it will be done, Senator.
